

2021 ASME-CIE HACKATHON KICK-OFF

Exploring the Power of Data and Cybersecurity for Mechanical Engineering

ASME
IDETC-CIE 2021

International Design Engineering
Technical Conferences & Computers and
Information in Engineering Conference

VIRTUAL CONFERENCE AUG 17–19

Dr. Zhenghui Sha, Assistant Professor

J. Mike Walker Department of Mechanical Engineering, University of Texas at Austin

Quick Summary

- Three hackathon problems: 1) Digital Manufacturing – Obfuscating the design with security features. 2) Automated Testing in Production Planning in Test based Engineering. 3) Melt Pool Monitoring Data Registration for Powder Bed Fusion Additive Manufacturing.
- Award: \$7,500 in total. 1st place: \$1,300, 2nd place: \$800, and 3rd place: \$400
- **36** participants; **20** different institutions; **5** different countries.

Agenda – Day 1

- One team can work on multiple problems
- One person can only join in one team

Date and Time (ET)		Agenda	Action	Virtual platform
DAY 1, Aug. 14	2:00 – 3:15 pm	Hackathon kick-off and introduction of topic areas	<ul style="list-style-type: none"> • Hackathon kick off and introduction • Datasets will be downloadable on GitHub. 	Zoom
	3:15 – 4:15 pm	Team formation	<ul style="list-style-type: none"> • Team formation and team name/# assignment. • Team leaders will submit team information to the Google form, and a team number will be assigned to you. Submit team info by 4:15 pm. • Early submission of your team information makes your presentation later. • A GitHub repository will be created for every team for co-working. 	Zoom, Slack, GitHub
	4:15 – 6:30 pm	Hackathon starts and problem formulation (Q&A and tutorial session will be available)	<ul style="list-style-type: none"> • Every team can create a private channel in the Slack or use our own way of communication. • Zoom will be available to provide assistance on problem formulation. • Tutorial session will be offered from 5:30 to 6:30. • More details about the problems and GitHub will be provided. • Finalize your problem selection by 6:30 pm. 	Slack, Zoom
	6:30 – 8:30 pm	Hackathon continues; pitching ideas and teamwork	<ul style="list-style-type: none"> • Q&A will be available through Slack. Mentors will be available to answer questions in Slack. • Frequently asked questions will be collected and posted on GitHub later. • Most questions will be addressed before 8:30 pm. 	Slack

- The number of teams for each problem will be announced after your first-time selection.
- You can switch to another problem or select both problems

Agenda – Day 2

Date and Time (ET)		Agenda	Action	Virtual platform
DAY 2, Nov. 15	10:00 – 10:15 am	Day 2 kick-off	<ul style="list-style-type: none"> Day 2 overview; download the presentation template from GitHub Q&A will be offered by topic area mentors. Judging criteria recap. 	Zoom
	10:15 – 1:00 pm	Hackathon continues; One Zoom Q&A session will be available from 11:30 to 12:30 am	<ul style="list-style-type: none"> Additional Zoom meetings can be arranged upon request. Q&A in Slack and Gather virtual space are always available. 	Zoom, Slack, GitHub
	1:30 – 4:30 pm	Hackathon continues; One Zoom Q&A session will be available from 2:30 to 3:30 pm	<ul style="list-style-type: none"> Additional Zoom meetings can be arranged upon request. Q&A in Slack and Gather virtual space are always available. Teams will be reminded to prepare for the submission. 	Zoom, Slack, GitHub
	4:30 – 5:00 pm	Project submission	<ul style="list-style-type: none"> Upload the final submission to your own GitHub repositories (highly recommended) Send the submission as a zip file to: idetccie.seikm@gmail.com Deliverables: a) presentation slides and b) test files are mandatory, whereas c) the codes and d) pre-trained models are optional. 	Gmail
	5:15 – 7:15 pm	Project presentations	<ul style="list-style-type: none"> Each team will present in sequence. Three sessions will be held in parallel. 	Zoom, Slack
	7:15 – 7:45 pm	Judge discussion	<ul style="list-style-type: none"> Participants will take a rest 	Zoom
	8:00 - 8:30 pm	Awards and closing ceremony	<ul style="list-style-type: none"> Announcement of winners and hackathon wrap-up. Q&A for any remaining concerns and/or questions. 	Zoom

An idea, behavior, or style that spreads by means of imitation from person to person within a culture and often carries symbolic meaning representing a particular phenomenon or theme. -Wiki

2021 IDETC MEME Challenge

\$2000
for the
Hackathon problem

\$50 Amazon
gift
card for meme

When you're running out of time on a
test and use $\pi = e = 3$ to simplify
calculations

Acknowledgement

- **ASME-CIE Hackathon Committee:** Zhenghui Sha, Yan Lu, Chris McComb, Zhuo Yang, Dehao Liu, Anh Tran, Binyang Song, and Laxmi Poudel.
- **ASME Staff Support:** Barbara Zlatnik and Andrew Koleba
- **CIE Division Executive Committee Representatives:** Paul Witherell, Mahesh Mani, and Jitesh Panchal
- **Hackathon Problem Contributors and Judges:**
 - Prof. Nikil Gupta: New York University
 - Mr. Gary Mac: New York University
 - Dr. Hammond Pearce: New York University
 - Ramesh Karri: New York University
 - Prof. Mark Yampolskiy: Auburn University
 - Prof. Satish Bukkapatnam: Texas A&M University
 - Prof. Chris McComb: Pennsylvania State University
 - Ms. Mayuri Deshpande: Siemens
 - Mr. Anant Mishra: Siemens
