Sponsor Information

Big Data Hackathon for San Diego

October 3-4, 2015 & October 10, 2015 | San Diego State University Campus

The Big Data Hackathon for San Diego aims to promote the development of data science and information technology solutions for San Diego on important civic issues related to **water conservation, disaster response, and crime monitoring.**

Help us to build a collaborative community for the future development of Open Government and Open Data Initiative for San Diego!

Why Sponsor?

Sponsorship of this important hackathon event will give you access to top talent and emerging stars in the information technology, data science and computer science fields.

Over 200 participants are expected to attend this free event. Sponsorship can give you an opportunity to build company and brand recognition, to mentor and judge the innovative work created at the Hackathon, and to present your recent big data efforts to a large and targeted audience.

Interested? See Second Page for Sponsorship Details!
